

The Hamilton Community Foundation (HCF) was created in 1951 to improve the quality of life in our community. Each grant is a valued investment in our community. Please read through these instructions thoroughly and contact the Foundation at 513-863-1717 with any questions.

Our Priorities

The Hamilton Community Foundation focuses on funding to support its Strategic Goals. *The goals include economic vitality, education and community quality of life.* Priority will be given to organizations requesting funds that are aligned with these goals.

HCF is also interested in other innovative programs that are responsive to community needs, partnerships, and enhance collaborative efforts. Lower priority is given to equipment requests, requests to pay staff for existing services, and duplication of existing services.

Eligibility – Geographic Focus

Organizations must be *located in or provide services to residents within the greater Hamilton area.* Grant seekers outside Butler County must provide information describing how area residents are served. Generally grants will only be awarded to tax-exempt organizations classified as 501(c)(3) charities by the Internal Revenue Service. *If your program does not have a tax-exempt ruling from the IRS, please complete the Fiscal Sponsor Information Form.*

Key Factors in Evaluating Proposals

- Capacity of the organization to undertake the project
- Extent that the project builds upon existing resources and services
- Quality and effectiveness of the project
- Level of coordination and cooperation with other organizations
- Potential for leveraged funding, especially from national sources
- Opportunity for project replication by other organizations
- A plan for continued funding after the grant period

Restrictions

Reporting requirements from prior grants must be fulfilled before applying again. Grants will not be made to individuals, for debt reduction, loans, for-profit businesses, tickets for benefits, annual appeals, telephone solicitations, political campaigns or religious activities. **Grant seekers may only apply for one project per year.**
